CONTEXT

Edgeborough is committed to providing a broad, balanced and challenging curriculum which will provide age and ability appropriate learning for all its pupils.

Edgeborough is committed to providing a curriculum which engages, inspires and challenges all pupils.

The curriculum is planned to offer clear continuity and progression between the departments of the school and to develop an enjoyment of learning.

The curriculum aims to equip all pupils with the knowledge, skills and aptitudes to make appropriate progress throughout their time at Edgeborough, and beyond.

Edgeborough is a non-selective school. All pupils, including those with Special Educational Needs and Disabilities (SEND), on Education, Health and Care (EHC) plans, with English as an Additional Language (EAL) and those who have been identified as Able, Gifted and Talented (AGT), have opportunities to learn and to make good progress according to their age, needs and aptitudes.

Edgeborough's curriculum fulfils the Independent School Standards Regulations (ISSR) for the quality of education provided:

- Full-time, supervised education for pupils of compulsory school age, which gives pupils experience in linguistic, mathematical, scientific, technological, human and social, physical, and aesthetic and creative education.
- Subject matter appropriate for the ages and aptitudes of pupils, including those with a statement.
- Pupils to acquire speaking, listening, literacy and numeracy skills.
- Personal, social, health and economic education which reflects the school's aims and ethos.
- Appropriate careers guidance.
- As the school has pupils below compulsory school age, a programme of activities has been established, which is appropriate to their needs.
- All pupils have the opportunity to learn and make good progress.
- Adequate preparation of pupils for the opportunities, responsibilities and experiences of life in British society.

Throughout the curriculum there are opportunities to actively promote the fundamental British values of democracy, the rule of law, individual liberty, and mutual respect and tolerance of those with different faiths and beliefs. We encourage pupils to respect the fundamental British values and develop respect towards diversity in relation to gender, race, religion and belief, culture, sexual orientation and disability. SMSC and British Values are taught through all subjects of the curriculum.

The teaching of skills

The Edgeborough curriculum goes wider than the National curriculum. In addition to the time given to sport and to the creative and performing arts, Edgeborough gives considerable time within the curriculum to the teaching of learning skills. These include questioning skills, independent skills, learning as part of a team and presentation skills amongst many others.

It is recognised that the minds of young children are capable of absorbing many new skills, such as the development of language in their formative years. The same is true for all learning skills and therefore the teaching and learning of these skills starts from nursery and is especially important in the nursery in and Pre prep years. The teaching and progression of these skills is developed in association with the PSB. The PSB core skills (listed below) are covered within all areas of the curriculum.

- Thinking and Learning
- Independence
- Collaboration
- Reviewing and Improving
- Community Kindness
- Communication
- Leadership

Each curriculum area also integrates the PSB subject specific skills within their SOW.

CURRICULUM STRUCTURE

NURSERY AND RECEPTION YEARS (EYFS)

In the Nursery and Reception years the curriculum will cover the areas covered by the early learning goals and educational programmes:

Prime areas:

1. Physical Development
 - Moving and handling
 - Health and self-care
2. Personal, Social and Emotional Development;
 - Self-confidence and self-awareness:
 - Managing feelings and behaviour
 - Making relationships

3. Communication and Language. (At Edgeborough this includes both English and French)

- Listening and attention
- Understanding
- Speaking

The Specific Areas

1. Literacy

- Reading
- Writing

4. Mathematics

- Numbers
- Shape Space and Measures

5. Expressive Art and Design

- Exploring and using media and materials
- Being Imaginative

6. Understanding the World

- People and Communities
- The World
- Technology

YEARS 1 - 2

In Years 1-2 the pupils will follow the curriculum outlined in the school's planning documents which are informed by the national curriculum. These lessons are predominantly classroom based, although there will be a degree of subject specialist teaching, particularly in PE.

This will be achieved by teaching:

English and mathematics are taught daily. In addition pupils will also be taught: science, topic (history, geography and RS) PSE, Sports (including swimming and PE,) creative arts and performing arts, (including DT, art and music) and French - from Nursery. Some of the study areas available as options to the teachers, for example in history, geography and other subjects may be changed by teachers in the school to study areas of their choice and design (in consultation with the relevant Department Head) as long as the key skills continue to be taught at age appropriate levels.

The curriculum in these years may well be broader than the National Curriculum. Additional time will be given to the creative arts such as Music, Art and Design Technology along with additional time to physical development and shall, where facilities permit include, one session of swimming and one of

PE. Other sessions will include teaching to encourage both physical co-ordination and the development of skills in the major sports of soccer, rugby, hockey and cricket, for boys and netball, hockey, lacrosse and rounders for girls at suitable levels for the age of the children.

Junior Prep – Years 3, 4 and 5

Pupils in Years 3 and 4 continue to spend much of their time with their class teachers, but there is a planned increase in the amount of specialist teaching offered. With support, the children are encouraged to become more independent and enjoy specialist teaching in Art, Computing, Drama, DT, Music and PE.

English and mathematics are taught daily. In addition, pupils have weekly timetabled lessons in science, French, humanities (history, geography and RS), computing, art, music, DT, library, PSE, PE, games and skills. Reading lies at the heart of the academic curriculum and there is a dedicated, daily 20 minute reading session for all pupils and the Accelerated Reader programme is being implemented.

In Year 5 the pupils will begin preparation for senior school entrance exams at either 11+ or 13+. Increasing independence is developed and teaching will be carried out by subject specialists in the majority of subjects. There is an expectation that pupils will increasingly be able to apply their learning skills.

There is an expectation that by the end of their time in Junior Prep the pupils will have been appropriately prepared for the 11+ Pre-testing and Senior School Entrance Exams they will encounter in the first half of Year 6. This preparation is carried out through a consistent and progressive focus on the four aspects of English, Mathematics, Verbal Reasoning and Non-Verbal Reasoning. This teaching is delivered by either the Class Teachers, or the English and Mathematics teachers. In order to support this teaching, the school uses the Planet Bofa website and the Atom Learning Platform.

Senior Prep – Years 6, 7 and 8

In Years 6 to 8 the pupils will continue their preparation for senior school entrance exams at either 11+ or 13+. Increasing independence is developed and teaching will be carried out by subject specialists in the majority of subjects. There is an expectation that pupils will increasingly be able to apply their learning skills.

English and mathematics lessons take place four times a week and there are weekly timetabled lessons in: science (biology, chemistry and physics), history, geography, RS, PSE, PE (including swimming), games, computing, DT, art, music, library, drama, French, and Latin from Year 6.

- Pupils will be offered the opportunity to start Latin in Year 6. Pupils not taking Latin will follow a timetabled non-Latin course. This course constitutes extra maths and English.
- The school will continue to give a generous amount of time to develop creative and physical skills.

- In Year 8, an opportunity will be given to pupils to study for appropriate scholarship examinations. These are usually taken earlier in the year than the CE exams (June) and the pupils will therefore have to be prepared earlier and be asked to follow an age appropriate curriculum after the exams are over.

Pupils in Year 8 will only sit Common Entrance exams in English, mathematics and science. There is a consistent focus on developing the skills of the pupils, in line with the PSB (Pre-Senior Bacculaureate).

Year 8 pupils will complete a PSPQ.

ABILITY GROUPING

Decisions regarding ability grouping will be made at the beginning of the academic year and based upon the number of pupils and ability range within each year group.

- Pupils' progress is monitored and tracked using a combination of standardised tests (GL Assessments, Complete Digital Solution), Edgeborough summative assessments and the ongoing formative assessments and observations of the teaching staff.
- Pupils are set according to ability in English and mathematics from Year 6 onwards.
- Additional arrangements for ability grouping will be flexible and based on careful analysis of the number and needs of pupils in each year group. These may include:
 - Additional setting in French and Latin.
 - Streaming in examined subjects.

PASTORAL CURRICULUM

Pastoral education takes place in many areas of school life. A whole school approach that encompasses every aspect of school life is essential. For example, the values and attitudes of teachers, the quality of relationships, the learning environment, and the reward and sanctions system will have a very significant influence on the development of the pupil. We might call this the 'hidden' curriculum. The success of the 'visible' Pastoral curriculum ultimately depends on the health of the 'hidden' curriculum experienced by the pupils as they live and work in the school community. The visible curriculum is largely developed through the PSE programme, Assemblies, Friday Service and Form Lessons.

CAREERS EDUCATION

Pupils learn about career choices through external visits, visiting speakers and the post Common Entrance programme delivered to Year 8. This guidance will be delivered in an impartial manner in order to help pupils make informed choices and fulfil their potential.

CO-CURRICULUM ACTIVITIES

Edgeborough's wide range of extra-curriculum activities contributes to the broad and balanced curriculum that is on offer by enhancing and developing pupils' experience. These activities include participating in internal, local and national competitions, challenge days, visits, lectures and other events. Trips and activities play an important part in the social development of our pupils. All children should have the opportunity to go off site for a trip at least once a year. It is our responsibility as a preparatory school to prepare children for the opportunities, responsibilities and experiences that they will face in later life and, through all aspects of our curriculum, we endeavour to do this.

LEARNING SUPPORT

Edgeborough is a non-selective school and fully supports the principles set out in the Equality Act 2010. We aim to enable all pupils who attend the school to have access to the full curriculum, to achieve their academic potential and to ensure that no pupil's progress is held back by any kind of learning difficulty.

Where necessary, any support will be provided internally, with some support from external professionals. Additional support will be provided at an additional charge, and usually on an individual basis through inclusion in the Learning Acceleration Programme (LEAP). LEAP lessons are provided within the academic timetable. The need and allocation of LEAP lessons for each pupil are regularly reviewed.

Pupils with an Educational Health Care Plan will follow an educational and welfare programme of support devised by the LEAP department in conjunction with outside agencies.

MORE ABLE PUPILS

In order to fulfil its aims, More Able Pupils at Edgeborough will be identified and differentiated for. The ethos of Personalised Learning is central to this challenge and will give all Edgeborough pupils the opportunity to develop their own personality, talents and mental and physical abilities to their fullest potential, as stated in Article 29 of the UN Convention on Children's Rights.

MONITORING AND REPORTING

Pupil progress is closely monitored using a combination of standardised tests, Edgeborough examinations and ongoing teacher assessments. Progress is reported regularly through:

- Assessment Cards: The completion of these varies across the year groups. They will usually be completed each half-term and consist of teacher assessments of each pupil's Organisation, Effort and Attainment along with a Target where appropriate.
- Written reports: completed at the end of the Christmas and Summer Terms (Christmas and Easter Terms in Year 8). The format of these reports may vary between year groups.

- Parents' Evenings.
- Ongoing informal communication between school and home.

ASSESSMENT SCHEDULE

Edgeborough have a rigorous schedule of assessments, which are detailed below.

Edgeborough utilises these alongside internal exams and assessments.

EYFS	Early Learn Baseline Test Progress reviews Early Years Reports (2 year checks)
Y1 and 2	Single word spelling test. Progress tests – English and Maths RWI Assessment
Y3 and 4	STAR Reader CAT 4 – Pre A and A PASS Single Word Spelling Test Progress Tests – GL Assessments DEST (Y4 only)
Y5	STAR Reader CAT 4 Level B PASS Single Word Spelling Test Progress Tests – GL Assessments
Y6	CAT 4 Level C STAR Reader BOFA Practice Common Pre Test and 11+ Mock PASS Single Word Spelling Test ISEB CPT Progress Tests – GL Assessments
Y7	STAR Reader CAT 4 Level D Single Word Spelling Test PASS Progress Tests – GL Assessments
Y8	STAR Reader CAT 4 Level E Single Word Spelling Test PASS Progress Tests – GL Assessments ISEB Common Entrance (English, Maths and Science)

Further details of these can be found in the academic calendar.
